- 4. Discussion of new 302 Shirley St. financing option**

City staff presented new financing opportunities for the 302 Shirley St. property, considering the EDA cannot take out a private loan. For all of the financing options presented, EDA must pay all-cash first. The EDA could then pursue a public loan now or wait to pursue a loan later when they have projects in mind. Through much discussion, the EDA decided to purchase the building with all-cash and then decide when to pursue financing options once more details are available on those options.

Jim Coyle motioned to approve the following resolution, seconded by Matt Quinn. Unanimous approval from EDA members present (with Bob Young abstaining).

EDA Resolution

Whereas, the EDA has entered into an assignment to purchase the property located at 302 Shirley St.,

Whereas, property is included in the South Washington Street Corridor POA as desirable for public acquisition for purposes of potential redevelopment, based on its strategic location near Big Chimney's Park, proximity to another City-owned property, and three properties owned by Atlantic Realty;

Whereas, the EDA is unable to obtain a private mortgage to finance the property,

Whereas, EDA has funds sufficient to purchase the property without a loan,

Whereas, the property is a sound affordable housing and land banking investment,

Whereas, there is a commitment to move property management responsibilities to Housing and Human Services Department,

Whereas, the EDA will be consulted on any changes to lease terms as new leases and renewals are necessary,

Whereas, the EDA can expect there will be consideration of a reimbursement to refresh the Land Banking fund in order to continue investing in the future,
