

Draft CACT recommendations for promoting racial equity in transportation
(Notes from December 2020 meeting)

- Ensure City programs address needs of communities that may not have the resources or time to advocate for themselves.
- Enhance safety and convenience of transit in the City by:
 - o installing new bus shelters and enhancing existing shelters
 - o advocating for a quality bus network that provides safe, frequent service within and through the City
 - o advocating for fareless transit for people who cannot afford to pay
- Enhance safety and convenience of pedestrian and cycling facilities in the City by:
 - o completing sidewalk “missing links”
 - o improving street lighting
 - o installing bicycle facilities
 - o establishing a Vision Zero policy
- Review City street names to identify the person being honored
