1. Applicability of the Guidelines

- 1.1 The Falls Church City Council ("City Council" or "City") has adopted these guidelines to implement the Public-Private Education Facilities and Infrastructure Act of 2002, Va. Code §§ 56-575.1, et seq., as amended ("PPEA"), by resolution dated July 27, 2015. This policy applies to all procurements under the PPEA conducted by the City and its staff after the date of the resolution where the City Council is the "responsible public entity" within the meaning of Va. Code §56-575.1.
- 1.2 The City Manager, City Purchasing Agent, and all officers and employees of the City shall follow the PPEA and this policy in any PPEA procurement in which they are involved.
- 1.3 The City Purchasing Agent may delegate his or her duties under this policy to members of staff.

2. Overview

- 2.1 The PPEA grants "responsible public entities" the authority to enter into public-private partnerships with private entities for the development of certain "qualifying projects" if the public entity determines, under criteria established by the PPEA, that such a project serves the public purpose. PPEA proposals are also subject to review by any "affected local jurisdiction" in which the "qualifying project" will be located.
- 2.2 Either the City Council, or the Falls Church City School Board ("School Board") can be the "responsible public entity" for a project in the City of Falls Church, depending upon the nature of the project. Typically, the City Council would be the "responsible public entity" under the PPEA for projects in the City, except for any project involving the public schools, and the City will be the "affected local jurisdiction" under the PPEA. However, the special relationship, both financial and otherwise, that exists between the School Board and the City Council makes close coordination and cooperation between the School Board, and City Council desirable for proposals tendered to the School Board under the PPEA. Also, proposals may be made that are for a "mixed" project (for example, projects including both schools and public parks), where, for certain components, the School Board may be the responsible public entity, and for certain components, the City Council may be the responsible public entity.
- 2.3 Proposals for qualifying projects may either be solicited or unsolicited. PPEA procurements typically will be conducted as a two-phase process, first involving submission and evaluation of conceptual-phase proposals resulting in selection of certain proposers to submit detailed-phase proposals, and then submission and evaluation of detailed-phase proposals. If the purposes and requirements of the PPEA are met and the

Adopted – 7/27/2015

City Council so elects, in its discretion, it will then select a detailed-phase proposal or proposals and enter into a "comprehensive agreement" for the project.

- 2.4 Individually-negotiated interim agreements and comprehensive agreements between private entities and the City Council, along with the PPEA and these guidelines, ultimately will define the respective rights and obligations of the parties for PPEA projects involving the City Council.
- 2.5 Although these guidelines provide guidance for application of the PPEA, the version of the PPEA that is in effect at the time the interim or comprehensive agreement is executed is controlling in the event of any conflict.

3. Eligible Projects

- 3.1 A PPEA procurement may only be for a "qualifying project". The PPEA contains a broad definition of "qualifying project" that includes public buildings and facilities of all kinds, for example:
 - 3.1.1 An education facility, including, but not limited to, a school building (including any stadium or other facility primarily used for school events), any functionally-related and subordinate facility and land to a school building, and any depreciable property provided for use in a school facility that is operated as part of the public school system or as an institution of higher education;
 - 3.1.2 A building or facility that meets a public purpose and is developed or operated by or for any public entity;
 - 3.1.3 Improvements, together with equipment, necessary to enhance public safety and security of buildings to be principally used by a public entity;
 - 3.1.4 Utility and telecommunications and other communications infrastructure;
 - 3.1.5 A recreational facility;
 - 3.1.6 Technology infrastructure, including, but not limited to, telecommunications, automated data processing, word processing and management information systems, and related information, equipment, goods and services; or
 - 3.1.7 Any improvements necessary or desirable to any unimproved locally- or state-owned real estate.

- 3.2 The examples set forth herein are merely provided here for convenience. The definition of "qualifying project" in the PPEA as of the time in which the procurement is concluded by an interim or comprehensive agreement is controlling, and the version of the PPEA then in effect should be consulted to determine what is a "qualifying project."

4. General Provisions

4.1 Proposal Submission

- 4.1.1 A proposal for a PPEA "qualifying project" may be either solicited by the City or submitted by a private entity on an unsolicited basis. In either case, the proposal shall be clearly identified as a "PPEA Proposal". To be considered, one original and ten (10) copies of any unsolicited proposal must be submitted along with the applicable fee to Purchasing Agent, City of Falls Church, Virginia, 300 Park Avenue, Suite 303 East, Falls Church, Virginia 22046. Solicited proposals shall be submitted in accordance with the instructions in the applicable solicitation.
- 4.1.2 Proposers will be required to follow a two-part proposal submission process consisting of a conceptual phase and a detailed phase, as described herein. For unsolicited proposals, the conceptual phase of the proposal shall contain the information specified by paragraph 7.1 of these guidelines, and the detailed phase of the proposal shall contain the information specified at paragraph 7.2 of these guidelines. For solicited proposals, the solicitation and subsequent instructions by the Purchasing Agent will prescribe the information that proposals shall contain.
- 4.1.3 Proposals should be prepared simply and economically. Solicited proposals should contain all information requested by the solicitation or subsequent instructions by the City. Unsolicited proposals should contain information specified by these guidelines and also should include a comprehensive scope of work and, if applicable, a financial plan for the project, containing enough detail to allow an analysis by the City of the feasibility of the proposed project. Any facility, building, infrastructure, or improvement included in a proposal shall be identified specifically or conceptually. The City may request, in writing, from any proposer of an unsolicited proposal, clarification of any submission.
- 4.14 Representations, information and data supplied in, or in connection with, proposals play a critical role in the competitive evaluation process and in the ultimate selection of a proposal by the City Council. Accordingly, as part of any proposal, the proposer shall certify that all material representations, information and data provided in support of, or in connection with, its proposal are true and correct. Such certification shall be made by authorized individuals who are principals of the proposer and who have knowledge of the information provided in the proposal. In the event that material changes occur with respect to any representations,

information or data provided for a proposal, the proposer shall immediately notify the City Council of the same.

- 4.1.5 The PPEA allows private entities to include innovative financing methods, including the imposition of user fees or service payments, in a proposal. In solicited procurements where public financing is available, the City Council's general policy is to use public financing as the less costly alternative unless indicated otherwise. However, where appropriate, a private entity may propose alternative financing that may include user fees, service payment components, and/or other innovative financing methods beneficial to the City and the proposed qualifying project. Proposals may include, if applicable, the portion of the tax-exempt private activity bond limitation amount to be allocated annually to the Commonwealth of Virginia pursuant to the Economic Growth and Tax Relief Reconciliation Act of 2001 for the development of education facilities using public-private partnerships, and to provide for carryovers of any unused limitation amount.

4.2 Affected Jurisdictions

Under the PPEA, an "affected jurisdiction" is any county, city or town in which all or a portion of a qualifying project is located. Any private entity submitting a conceptual or detailed proposal to the City Council must provide any affected jurisdiction with a copy of the private entity's proposal by certified mail, express delivery or hand delivery. In the case of solicited proposals, such copy should be submitted to any affected jurisdiction to ensure its receipt at the time proposals are due to be submitted to the Purchasing Agent. In the case of unsolicited proposals, such copy should be submitted to any affected jurisdiction to ensure its receipt within 5 business days after receiving notice from the City Council that the City Council has decided to accept the proposal pursuant to Section 6.1.1 hereof. Any affected jurisdiction shall have 60 days from the receipt of the proposal to submit written comments to the City Council and to indicate whether the proposed qualifying project is compatible with the jurisdiction's (i) comprehensive plan, (ii) infrastructure development plans, and (iii) capital improvements budget or other government spending plan. The City Council shall give consideration to comments received in writing within the 60-day period, and no negative inference shall be drawn from the absence of comment by an affected jurisdiction. The City Council may begin or continue its evaluation of any such proposal during the 60-day period for affected jurisdictions to submit comments.

Adopted – 7/27/2015

4.3 Proposal Review Fees

4.3.1 The City Council will require payment of a review fee by a private entity submitting an unsolicited proposal to the City Council and by any private entities submitting competing proposals in response to the unsolicited proposal. Also, if the solicitation so indicates, the City Council will require payment of a review fee by any private entities submitting solicited proposals. Review fees are to cover the costs of processing, reviewing, and evaluating proposals, including the cost to compare a proposal to any competing proposals. Such costs include, but are not limited to, City staff time, the cost of any materials or supplies expended, the cost of meals and travel related to the review process, and the cost of any outside advisors or consultants, including but not limited to attorneys, consultants, and financial advisors used by the City in its sole discretion, to assist in processing, reviewing, or evaluating the proposal. Such fees generally will be in the amount necessary to completely cover all of the City's and, where applicable, the School Board's costs. All fees and additional fees shall be submitted in the form of a cashier's check payable to the City of Falls Church.

4.3.2 Such fees shall be imposed at the conceptual phase as follows:

4.3.2.1 For unsolicited proposals and competing proposals submitted in response to the unsolicited proposal, the City Council shall require an initial processing fee of \$7,500 with an additional conceptual-phase proposal fee of \$20,000 or such greater amount as determined by the City Council, based upon the complexity of the proposed project, to be charged should the proposal proceed beyond the initial review at the conceptual phase. Payment of the initial processing fee must accompany the submission of the proposal to the City Council in order for the City Council to proceed with initial processing and review. In the event either the initial processing fee or the additional proposal fee is insufficient to cover the costs referenced in paragraph 4.3.1 of this policy, the City Council, in its discretion, may require a proposer to pay such additional costs.

4.3.2.2 If the City Council determines that an initial processing or proposal review fee will apply to a solicited conceptual-phase proposal, the solicitation shall specify the amount(s) and payment terms.

4.3.3 Additional fees shall be paid by proposers throughout the processing, review, and evaluation of the proposals, if and as the City Manager requires, based upon costs in excess of initial review fees assessed that the City Manager reasonably anticipates incurring. The City Manager may impose additional fees on proposers selected for detailed-phase consideration as a condition of consideration of their detailed-phase

proposals. The City Manager will notify the proposers concerned of the amount of such additional fees. Proposers must promptly pay such additional fees before the City Council will continue to process, review, and evaluate the proposer's proposal. Unless otherwise specified by the City Manager, additional fees for detailed-phase review will be based upon the costs that the City Manager reasonably anticipates incurring, but will be no less than \$5,000 nor more than \$50,000. The City Manager, in his or her discretion, may waive additional fees or require lower additional fees.

4.3.4 If the total fees paid by proposers for a phase of a PPEA procurement exceed the total costs incurred in processing, reviewing, and evaluating proposals for that phase, then the City Council shall reimburse the proposers the difference on a reasonable, pro rata basis. Otherwise, the City may retain all fees paid.

4.4 Virginia Freedom of Information Act

4.4.1 Generally, proposal documents submitted by private entities are subject to the Virginia Freedom of Information Act ("VFOIA"). In accordance with Va. Code § 2.2-3705.6.11, such documents are releasable if requested, except to the extent that they contain (i) trade secrets of the private entity as defined in the Uniform Trade Secrets Act (§ 59.1-336, *et seq.*); (ii) financial records of the private entity, including balance sheets and financial statements, that are not generally available to the public through regulatory disclosure or otherwise; or (iii) other information submitted by the private entity, where, if the records were made public prior to the execution of an interim agreement or a comprehensive agreement, the financial interest or bargaining position of the City Council or private entity would be adversely affected. Once a comprehensive agreement has been entered into, and the process of bargaining of all phases or aspects of the comprehensive agreement is complete, the City Council shall make the procurement records available upon request, in accordance with Va. Code §§ 2.2-4342 and 56.575.16.5.

4.4.2 In order for the records specified in clauses (i), (ii) and (iii) of 4.4.1 to be excluded from release pursuant to the Virginia Freedom of Information Act, the private entity shall make a written request to the City Council that (a) invokes such exclusion upon submission of the data or other materials for which protection from disclosure is sought; (b) identifies with specificity the data or other materials for which protection is sought; and (c) states the reasons why protection is necessary. In addition, the proposer must clearly mark each page of its proposal that it contends is not discloseable under the VFOIA with the legend "Confidential – Not Releasable under VFOIA." The City Council may only protect information excluded from release by Va. Code § 2.2-3705.6.11 and will not protect any portion of a proposal from disclosure if the entire proposal has been designated confidential by the proposer without reasonably

differentiating between the proprietary and non-proprietary information contained therein.

- 4.4.3 The Purchasing Agent or City Manager shall determine whether a private entity's request to exclude documents from disclosure pursuant to 4.4.2 is necessary to protect the trade secrets or financial records of the private entity. To protect other records submitted by the private entity from disclosure, the Purchasing Agent or City Manager shall determine whether public disclosure prior to the execution of an interim agreement or a comprehensive agreement would adversely affect the financial interest or bargaining position of the City Council or private entity. The Purchasing Agent or City Manager shall make a written determination of the nature and scope of the protection to be afforded under these guidelines and the PPEA. Once a written determination is made by the Purchasing Agent or City Manager, the records afforded protection under 4.4.1 through 4.4.3 shall continue to be protected from disclosure when in the possession of the City and any affected jurisdiction to which such records are provided by the City.
- 4.4.4 Nothing in this 4.4 shall be construed to authorize the withholding of (a) procurement records as required by Va. Code §§ 56-573.1:1 or 56-575.17; (b) information concerning the terms and conditions of any interim or comprehensive agreement, service contract, lease, partnership, or any agreement of any kind entered into by the City and the private entity; (c) information concerning the terms and conditions of any financing arrangement that involves the use of any public funds; or (d) information concerning the performance of any private entity developing or operating a qualifying project.
- 4.4.5 Once an agreement has been entered into, the City Council shall make the procurement records available upon request, in accordance with Va. Code §§ 56-575.1:1 and 56-575.17. However, the following, if properly designated by the private entity under this Section 4.4 as "Confidential-Not Releasable under VFOIA" are not considered procurement records: (i) trade secrets of the private entity as defined in the Uniform Trade Secrets Act, Va. Code §§ 59.1-336, et. seq.; or (ii) financial records, including balance sheets or financial statements of the private entity that are not generally available to the public through regulatory disclosure or otherwise. Further, costs estimates relating to a proposed procurement transaction prepared by or for the City Council shall not be made available for public inspection.
- 4.4.6 Any inspection of procurement records under these guidelines will be subject to reasonable restrictions to ensure the security and integrity of the records.
- 4.4.7 Subsection 56-575.4(G) of the PPEA imposes an obligation on the City and any affected jurisdiction to protect confidential proprietary

information that is provided to it by a private entity pursuant to a proposal for a procurement under these guidelines if the private entity follows all the steps required by paragraph 4.4 of these guidelines to designate the information as confidential proprietary information excluded from disclosure under VFOIA, and if the information is, in fact, information that is properly exempt from release under VFOIA. The Purchasing Agent and City Manager shall take reasonable precautions to protect the confidentiality of such information from any disclosure beyond whatever disclosure is reasonably necessary for the City, other affected jurisdictions, staff, and outside consultants having a need to know the information to carry out the procurement. However, nothing contained herein shall constitute a waiver of sovereign immunity, a consent to suit, or a contractual undertaking, and it is a condition of submitting proposals that no cause of action, in contract or otherwise, shall arise against the City Council or City Government for any failure to maintain confidentiality of information.

- 4.4.8 Any information in a proposal that becomes incorporated into a Comprehensive Agreement or Interim Agreement with the proposer submitting it, such as by becoming an exhibit, shall become a public record releasable under VFOIA upon execution of the agreement.

4.5 Use of Public Funds

Virginia constitutional and statutory requirements as they apply to appropriation and expenditure of public funds apply to any interim or comprehensive agreement entered into under the PPEA. Accordingly, the processes and procedural requirements associated with the expenditure or obligation of public funds should be incorporated into planning for any PPEA project, and any PPEA procurement should comply with City fiscal policies. Virginia constitutional and statutory restrictions that apply to the City regarding expenditures of public funds shall be deemed to be incorporated into any "interim agreement" or "comprehensive agreement" into which the City Council enters pursuant to the PPEA and to condition the City Council's obligations thereunder.

4.6 Applicability of Other Laws

Nothing in the PPEA shall affect the duty of the City Council or any of its officers, employees, or agents to comply with all other applicable law.

5. Solicited Bids/Proposals

- 5.1 The City Council may invite bids or proposals from private entities to acquire, design, construct, improve, renovate, expand, equip, maintain or operate qualifying projects. The City Council may use a two-part process consisting of an initial conceptual phase and a detailed phase. The City Council will set forth in the solicitation the format and supporting

Adopted – 7/27/2015

information that is required to be submitted, consistent with the provisions of the PPEA and these guidelines.

- 5.2 Prior to inviting any bids or proposals, the City Council shall determine pursuant to Va. Code § 56-575.16 whether to use procedures consistent with competitive sealed bidding or competitive negotiation of other than professional services, and if using competitive negotiation, indicate the justification, consistent with the PPEA, for proceeding in that manner, and the evaluation criteria to be used to evaluate proposals.
- 5.3 The solicitation will specify, but not necessarily be limited to, information and documents that must accompany each proposal and the factors that will be used in evaluating the submitted proposals. The solicitation will be posted in such public areas as are normally used for posting of the City's notices, including the City's website. In addition, the solicitation shall be advertised in Virginia Business Opportunities and posted on the Commonwealth electronic procurement website. The solicitation will also contain or incorporate by reference other applicable terms and conditions, including any unique capabilities or qualifications that will be required of the private entities submitting proposals. Pre-proposal conferences may be held as deemed appropriate by the City Council.
- 5.4 Initial (conceptual) proposals received in response to a solicitation by the City shall be posted by the City within 10 business days after their acceptance by one of the following methods: (i) posting on the City's website of a summary of the proposals and the location where copies of the proposals are available for public inspection; or (ii) publication in a newspaper of general circulation where the qualifying project will be performed of a summary of the proposals and the location where copies of the proposals are available for public inspection. The City may, in its discretion, post proposals by other means, including without limitation, on the Virginia Department of General Service's web-based electronic procurement program, commonly known as eVa, or by other methods deemed appropriate by the City so as to provide maximum opportunity to the public to inspect the proposals.
- 5.5 Subject to exclusions from disclosure in 4.4., at least one copy of each of the proposals shall be made available for public inspection. Unless otherwise agreed by the City Council and the private entity submitting a proposal, portions of the proposal properly designated pursuant to 4.4 and containing trade secrets, financial records, or other records excluded from disclosure by Va. Code § 2.2-3705.6.11 and these guidelines shall not be made available for public inspection.
- 5.6 The City will receive comments from the public on any proposals. Comments should be in writing and directed to the Purchasing Agent. Comments will be accepted after the proposals have been received, and a public comment period of at least 30 days will be allowed before entry

into any interim agreement or comprehensive agreement. The City Council shall hold a public hearing or hearings on proposals at least 30 days prior to entering into an interim or comprehensive agreement.

6. Unsolicited Proposals

The PPEA permits the City to receive and evaluate unsolicited proposals from private entities to acquire, design, construct, improve, renovate, expand, equip, maintain, or operate a qualifying project. The City Council's general policy is to reserve acceptance of unsolicited proposals for cases of truly innovative ideas, because, in other cases, solicitation of proposals is more likely to achieve full and open competition.

The City Council may publicize its needs and may encourage or notify interested parties to submit proposals subject to the terms and conditions of the PPEA. When such proposals are received without issuance of a solicitation, the proposal shall be treated as an unsolicited proposal. Proposals received as a result of the City Council receiving an unsolicited proposal and then publishing a Notice of Receipt of Unsolicited Proposal will also be treated as unsolicited proposals.

To ensure the City receives the best value for any qualifying project, the City will seek and encourage competing unsolicited proposals.

6.1 Decision to Accept and Consider Unsolicited Proposal; Notice

6.1.1 Upon receipt of any unsolicited proposal or group of proposals and payment of any required fee by the proposer or proposers, the City Council will determine whether to accept the unsolicited proposal for publication of notice and conceptual-phase consideration. If the City Council determines not to accept the proposal and not to proceed to publication of notice and conceptual-phase consideration, the City Council will return the proposal, together with all fees and accompanying documentation, to the proposer.

6.1.2 If the City Council chooses to accept an unsolicited proposal for conceptual-phase consideration, the City Council shall:

6.1.2.1 Determine whether to use procedures consistent with competitive sealed bidding or competitive negotiation of other than professional services consistent with Va. Code § 56-575.16, and if using competitive negotiation, indicate the justification, consistent with the PPEA and paragraph 10 of these guidelines, for proceeding in that manner, and the evaluation criteria to be used to evaluate the unsolicited proposal and competing unsolicited proposals;

6.1.2.2 Determine what if any conditions that the City Council will authorize the City Manager or Purchasing Agent to place upon

the proposer and any competing proposers beyond those contained in these guidelines for going forward with the unsolicited proposal and for receiving competing unsolicited proposals;

6.1.2.3 Have the Purchasing Agent or City Manager (i) prepare a short document entitled "Notice of Receipt of Unsolicited Proposal" for purposes of publication, and (ii) prepare a lengthier document entitled "Receipt of Unsolicited PPEA Proposal and Solicitation of Competing Proposals" that will not be published but will be available upon request.

a. The Notice of the Receipt of Unsolicited Proposal shall state that the City Council (i) has received and accepted an unsolicited proposal under the PPEA, (ii) intends to evaluate the proposal, (iii) may negotiate an interim agreement or a comprehensive agreement with the proposer based on the proposal, and (iv) will accept for simultaneous consideration any competing proposals that comply with these guidelines and the PPEA. The notice shall include a brief summary of the proposal and state the location where the proposal is available for public inspection. The notice shall indicate that conditions have been imposed upon proposers for proceeding to the initial conceptual phase and inform them how to obtain the Receipt of Unsolicited PPEA Proposal and Solicitation of Competing Proposals containing the conditions and evaluation criteria for the procurement.

b. Within 10 business days of acceptance of the unsolicited proposal, the Purchasing Agent or City Manager shall post the Notice of Receipt of Unsolicited Proposal in a public area regularly used by the City for posting of public notices and on the City's web site for a period of not less than 45 days. The Purchasing Agent or City Manager shall also publish the same notice at least once in one or more newspapers or periodicals of general circulation to notify the public and any persons that may be interested in submitting competing unsolicited proposals, with the first such publication to occur at least 45 days before competing proposals are due. In addition, the notice shall be advertised in *Virginia Business Opportunities* and posted on the Commonwealth's electronic procurement website at least 45 days before competing proposals are due. Competing proposals may be submitted to the Purchasing Agent during the period specified in the notice following the publication required above.

- c. The Receipt of Unsolicited PPEA Proposal and Solicitation of Competing Proposals shall contain the following information and shall be provided to prospective competing offerors and members of the public on request:
 - (i) The instructions, terms and conditions applicable to the procurement;
 - (ii) A summary of the project proposed in the unsolicited proposal that is more detailed than the summary in the Notice of Receipt of unsolicited proposals.
 - (iii) The evaluation criteria to be used for the procurement (which should be approved by the City Council);
 - (iv) Instructions for obtaining any portions of the unsolicited proposal that are releasable; and
 - (v) Such other instructions and information as the Purchasing Agent or City Manager deems reasonable and desirable.
- d. Copies of unsolicited proposals are available to the public, upon request, pursuant to the Virginia Freedom of Information Act ("VFOIA"), except as exempted from release under the PPEA and VFOIA.

6.2 Competing Proposals

Competing proposals shall be posted by the City Council within 10 business days after their receipt by one of the following methods: (i) posting on the City's website of a summary of the proposals and the location where copies of the proposals are available for public inspection; or (ii) publication in a newspaper of general circulation in the City or other jurisdiction where the qualifying project will be performed of a summary of the proposals and the location where copies of the proposals are available for public inspection. In addition, the City Council may, in its discretion, post proposals by other means, including without limitation, on the Virginia Department of General Service's web-based electronic procurement program commonly known as eVa, or by other methods deemed appropriate by the City Manager so as to provide maximum opportunity to the public to inspect the proposals.

6.3 Availability of Proposals for Public Inspection

Subject to exclusions from disclosure in 4.4., at least one copy of each of the proposals shall be made available for public inspection. Unless otherwise agreed by the City and the private entity submitting a proposal,

Adopted – 7/27/2015

portions of the proposal properly designated pursuant to 4.4 and containing trade secrets, financial records, or other records excluded from disclosure by Va. Code 2.2-3705.6.11 shall not be made available for public inspection.

6.4 Initial Review at the Conceptual Stage

6.4.1 Only proposals complying with the requirements of the PPEA that contain sufficient information for a meaningful evaluation and that are provided in an appropriate format will be considered by the City Council for further review at the conceptual stage. Content and format requirements for proposals at the conceptual stage are found at Section 7.1.

6.4.2 After reviewing the original proposal and any competing unsolicited proposals submitted during the notice period, the City Council may determine:

6.4.2.1 Not to proceed further with any proposal,

6.4.2.2 To proceed to the detailed phase of review with the original proposal,

6.4.2.3 To proceed to the detailed phase with a competing proposal, or

6.4.2.4 To proceed to the detailed phase with multiple proposals.

However, the City Council may not proceed to the detailed phase with only one proposal unless it has determined in writing that only one proposer is qualified or that the only proposer to be considered is clearly more highly qualified than any other proposer.

6.5 Receipt of Public Comments/Hearings

The City will receive comments from the public on any proposals, both unsolicited and competing. Comments should be in writing and directed to the Purchasing Agent. Comments will be accepted after the proposals have been received and a public comment period of at least 30 days will be allowed before entry into any interim agreement or comprehensive agreement. The City Council shall hold a public hearing or hearings on proposals at least 30 days prior to entering into an interim or comprehensive agreement.

7. Proposal Preparation and Submission

7.1 Proposal Content and Format for Submissions at the Conceptual Stage (Solicited, Unsolicited and Competing Proposals)

The City Council may generally require that proposals at the conceptual stage contain information in the following areas: (1) qualifications and

experience, (2) project characteristics, (3) project financing, but only if public financing is unavailable or potentially less advantageous, (4) project benefit and compatibility, and (5) any additional information as the City Council may reasonably request. Conceptual-phase proposals should include an executive summary of the proposal at the beginning of the proposal. An unsolicited proposal shall include an executive summary not designated as "Confidential-Not Releasable under VFOIA" that describes the proposed qualifying project sufficiently so that potential competitors can reasonably formulate meaningful competing proposals from a review of the summary and publicly-available information. Unless otherwise indicated in the solicitation or Receipt of Unsolicited PPEA Proposal and Solicitation of Competing Proposals, as applicable, conceptual-phase proposals should contain the information in the format indicated below in paragraphs 7.1.1 through 7.1.5. Solicitations may require project-specific content and format that differs from these general requirements, in the City Manager's discretion.

7.1.1 Qualifications and Experience

7.1.1.1 Identify the legal structure of the private entity making the proposal. Identify the organizational structure for the project, the management approach, and how each participant in the structure fits into the overall team. If the private entity that would be signing any comprehensive agreement would be a corporation, limited liability company, limited partnership, or an entity formed especially for the project, and if the proposer is relying at all on the past experience, name, or financial statements of any other person or entity to show the private entities' capabilities and responsibility, state what guaranty of performance will be provided by such other persons or entities.

7.1.1.2 Describe the experience of the entities making the proposal, the key principals and project managers involved in the proposed project including experience with projects of comparable size and complexity, including prior experience bringing similar projects to completion on budget and in compliance with design, land use, service and other standards. Describe past safety performance and current safety capabilities. Describe the past technical performance history on recent projects of comparable size and complexity, including disclosure of any legal claims relating to such projects. Describe the length of time in business, business experience, public sector experience, and other engagements. Include the identity of any firms that will provide design, construction and completion guarantees and warranties, and a description of such guarantees and warranties.

7.1.1.3 For each firm or major subcontractor that will be utilized in the project, provide a statement listing the firm's prior projects and

clients for the past 3 years and contact information for same (name, address, telephone number, e-mail address). the qualifying project, the selected proposer shall enter into a comprehensive agreement with the City Council. The City Council will only enter into an agreement if it determines that the qualifying project that is the subject of the agreement serves the public purpose of the PPEA under the criteria of Va. Code § 56-575.4(C). Each agreement shall define the rights and obligations of the City Council and the selected proposer(s) with regard to the project.

- 9.2 The terms of the comprehensive agreement shall be tailored to address the specifics of the project and shall include, if applicable, but not be limited to:
 - 9.2.1 The delivery of maintenance, performance and payment bonds or letters of credit in connection with any acquisition, design, construction, improvement, renovation, expansion, equipping, maintenance, or operation of the qualifying project, including, without limitation, bonds or letters of credit that comply with Va. The City will only enter into an "interim agreement" if it determines the qualifying project that is the subject of the agreement serves the public purpose under the criteria of Va. Code § 56.575.4.C. As a matter of policy, the City does not favor entry into "interim agreements" with proposers because this technique tends to reduce competition in circumstances involving competitive negotiation. The City does not anticipate entering into an interim agreement with a proposer absent compelling reasons and without first reaching an agreement as to the material terms of a comprehensive agreement.

- 9.6 Parties submitting proposals understand that representations, information and data supplied in support of, or in connection with proposals play a critical role in the competitive evaluation process and in the ultimate selection of a proposal by the City. Accordingly, as part of the agreement, the proposing private entity shall certify that all material representations, information and data provided in support of, or in connection with, a proposal are true and correct. Such certification shall be made by an authorized individual who is a principal of the private entity and who has knowledge of the information provided in the proposal. In the event that material changes occur with respect to any representations, information or data provided for a proposal, the proposing private entity shall immediately notify the City of same. Any violation of this section shall give the City the right to terminate the Agreement, withhold payment or other consideration due, and seek any other remedy available at law or in equity.

By submitting its proposal, the offeror agrees to make these representatives reasonably available in Falls Church, Virginia.
