### **What is a Park Master Plan?**

A park master plan identifies the vision for a particular park. This includes physical design elements within the park. It also includes the context for planning and how each park fits within the City's larger park system. Information about the draft plan is available here:

[www.FallsChurchVa.gov/WODMasterPlan](http://www.FallsChurchVa.gov/WODMasterPlan)

### **Why Create a Park Master Plan?**

Park master plans serve as a guiding document for developing park amenities. More practically, the plans identify specific follow-up actions and serve as a tool for seeking grant funds.

### **How Can I Get Involved?**

Residents are encouraged to participate in the planning process by attending this and other community meetings, submitting written comments, and attending Board and Commission meetings.

### **What's Happening on January 30?**

Community members will be invited to review and provide feedback on the proposed master plan.

### **Directions**

Enter the Community Center. The Community Room is on the lower level.
