1. Introductions and Ground Rules

Taskforce members and meeting participants introduced themselves and discussed their interests and concerns in updating the City's streetscape standards. Notes attached.

The group also discussed whether to expand the official membership of the group to advisory boards and commissions not specifically identified in the Charter. No decision was reached.

2. Presentation

City staff presented information on streetscape including how it is defined, what existing streetscape policies the City has, how other places are developing their streetscapes, and how the City is developing its streetscape.

3. Interactive Exercise

Taskforce members and meeting participants completed an interactive exercise to group their interests and concerns in the City's streetscape and updated streetscape guidelines. Notes attached.
