Subject: 2016 Summer Bike Routes

Good morning, Wyatt. Please find attached outreach and presentation materials for the Summer 2016 bike routes. We held a public workshop on August 3, 2016. Interns Jack Trainor and Kerri Oddenino led the presentation wonderfully and assembled all of the attached documents.

Staff recommends that the City install bicycle facilities along the following routes:

- 1) Hillwood Ave, Annandale Rd to Douglass Ave – Buffered Bike Lanes
- 2) Hillwood Ave, Douglass Ave to S Cherry St – Bike Lanes
- 3) Roosevelt Blvd, Wilson Blvd to N Roosevelt St – Bike Lanes

Per the Bicycle Master Plan, this recommendation needs your review and approval. Please let me know if you have any questions or need additional information.

Stephanie Rogers, P.E.
