

Green Your Business!

Local Businesses and the City of Falls Church Can Join to Become EPA Green Power Partners.

Why Participate?

- Demonstrate to your customers that you are an environmentally responsible organization (giving like-minded customers another reason for doing business with you).
- Join the City of Falls Church government, which has already purchased enough RECs to achieve the EPA target.
- Help the City of Falls Church strengthen its reputation as an environmental leader - to help bring more customers into our City.
- Taking part shows your support for the City of Falls Church community!

How Do I Participate?

- Purchase Renewable Energy Certificates (RECs) to match some or all of your electricity usage. (You don't even need to pay an electricity bill).
- Generate green power onsite at your home or business.
- Request a speaker for your organization to learn more about the Green Power Community Challenge.
- Display a sign in your store window that you support Green Energy in the City of Falls Church.

Join Now!

- Visit www.fallschurchva.gov/GreenPower to learn more about how you can participate in the challenge and help your business and community!
- For more information, call (703) 248-5230, or email klasso@fallschurchva.gov
- Sign up at a City of Falls Church event, just look for the Green Power booth!
