

ASBESTOS CERTIFICATION

Permit #

Effective July 1, 1996, the Virginia Uniform Statewide Building Code states that all buildings constructed prior to 1985 to be renovated or demolished shall be inspected for the presence of asbestos-containing material and that appropriate response actions shall be undertaken. This form must be completed by all applicants applying for Building Permits for renovation or demolition. Completed forms must have one box checked and the original signature of the owner(s) or authorized agent of the owner(s).

Building Owner: _____

Building Address: _____ Suite # _____

In accordance with the provisions of Section 36-99.7 of the Code of Virginia and Section 110.3 of the Uniform Statewide Building Code, I hereby certify that (select one condition in either category A or category B):

- A. The above building is exempt from this regulation because:
- This structure was built after January 1, 1985;
- This structure is a single-family dwelling or a residential building containing four or fewer dwelling units.
B. The affected area of the above building was inspected by personnel competent to identify the presence of asbestos in accordance with the standards developed by the Director of the Virginia Department of General Services and Section 54.1-500 of the Code of Virginia, and that:
- No asbestos was detected.
- The combined amount of regulated asbestos-containing material involved in the renovation or demolition is:
- Asbestos was detected and response actions to abate any risk to human health have been taken in accordance with the requirements set forth in Section 108.1 of the Virginia Uniform Statewide Building Code.
- Asbestos was detected and response actions to abate any risk to human health will be undertaken as part of the renovation or demolition project in accordance with Federal and State guidelines.

Virginia Licensed Asbestos Inspector: _____ Print Inspector's Name & License Number

I further certify that the abatement area will not be reoccupied until any required response actions have been completed and final clearances have been measured and found to be within regulated tolerances.

Building Owner Signature: _____ Date: _____
