Mary Riley Styles Public Library

Proposed Library Renovation and Addition

February 2015
Key Topics

- Why we are here today
- Vision of the Library
- History of Library Expansion
- Library Use and Projected Service Demand
- Draft Master Plan
- Proposed Renovation and Addition
- Parking Deck Option
- Proposal Summary
Vision of the Library

The Mary Riley Styles Public Library is an integral part of the community’s intellectual, educational, recreational, business, and cultural life.

The Board of Trustees and staff want the library to be:

• A place where all Falls Church residents feel welcome and can make use of the many library resources: books, DVDs, CDs, library programs such as story hours and book discussion groups, magazines, newspapers, and information access to enrich their lives.
Historical Library Locations
Additions to Current Building

• 1953 Property donated to City with a covenant from the Styles family
• 1958 Original 10,000 s.f. built
• 1967 4,700 s.f. addition
• 1992 3,400 s.f. addition
• Total space today: 18,000 s.f.
• Parking: 15 dedicated spaces
Current Service
Annual Statistics

- Library visits: 316,430
- Registered borrowers: 28,362
- Circulation: 461,394
- Collection size: 132,031
- Program attendance: 18,924
- Programs presented: 654
- Reference questions answered: 67,749
- Award-winning “4 Star” Library for 7th year
- “Welcoming feel” and “Great staff”
Library Activity
Population Growth of Falls Church City

- 1990: 9,386
- 2003: 10,611
- 2010: 12,332
- 2013: 13,508 (10 year growth rate = 27%)
- Projection for 2033: 15,000 to 17,000
- 91% of Falls Church City residents have an active Library card
Library Service Growth

Service demands increased significantly in the past 10 years

- Library visits up 49%
- Registered borrowers up 26%
- Program attendance up 49%
- Circulation up 37%

Library service demands are growing faster than the City’s population growth.
Library Visits

Growth from FY2005 to FY2014

- 2005: 212,322
- 2014: 316,430, up 49% in ten years
- 2033: Projected increase of 183,570 to 500,000
Registered Borrowers

Growth from FY2005 to FY2014

• 2005: 22,428
• 2014: 28,362, up 26% in ten years
• 2033: Projected increase of 12,000 to 40,000
Program Attendance

Growth from FY2005 to FY2014

- 2005: 10,956
- 2014: 18,924, up 49% in ten years
- 2033: Projected increase of 8,000 to 27,000
Circulation

Growth from FY2005 to FY2014

- 2005: 335,912
- 2014: 461,394, up 37% in ten years
- 2033: Projected increase of 130,000 to 590,000
Preparing for Future Service Demands

2013 Master Plan Findings

• Raze current building
• Build additional 14,500 s.f. (total of 33,000 s.f.)
• Reconfigure internal layout to improve efficient use of space and meet ADA standards
• Stay at current site
• Add expanded parking
What the Public Wants for Their Library

Findings of Master Plan Survey

• A warm, friendly atmosphere
• Excellent customer service
• An interior design to promote a community feel
• A “human” scale of design as well as “cozy” (e.g. window seats, mullioned windows)
• A collection that satisfies intellectual curiosity, stimulates growth and knowledge
• Present location (walkable for many residents)
• A “green” building that is energy efficient
• Larger spaces for meetings, tutoring, and library programs
• A meeting place for City residents
• Improved parking options
Proposed New Space

Addition provides 6,600 s.f. new space

- Expanded children’s and young adult spaces
- Enlarged meeting space for programs and community meetings
- Creation of study spaces
- More space for all collections
- Improved operational space
- Entry moved to Park Avenue

Addition could be either East or West
Recommended Project: West

CONCEPTUAL DESIGN
Expansion Approaches

1) HORIZONTAL EXPANSION TO THE WEST

Recommended Project: East

Interior basement floor
East and West Options Compared

West option (toward Virginia Avenue)

• Preserves on-site parking and drive-up book drop, best interior daylight and layout

East option (toward Medical Building)

• Preserves green space, closer to possible new parking options

• Entrance moves to Park Avenue in both options
• Library remains open in both options
• Final decision based on site investigation
Renovations Needed to Existing Building

Master Plan recommends

• Upgrade **heating and air conditioning** (HVAC)
• Replace aging **elevator**
• Comply with **Americans with Disabilities Act** (ADA)
• Enlarge **public restrooms**
• Improve **plumbing** infrastructure
• Install energy efficient **lighting**
• Update **electrical** service
Risks of Not Renovating the Existing Building

• Health and safety issues
• Unexpected building closures
• Costly interim repairs
• Damage/loss of collections and equipment (e.g. computers, servers)
• Crowded spaces for people and materials
• Increased limitations on library services
Estimated Project Costs

Current City CIP includes $8M for Library project
City Center Parking Deck: A Separate Project

City has a design concept and estimated costs for a parking deck to serve the City Center area:

- Located at 313 Park Avenue (next to Library)
- Public parking for City Hall, Courts, area shopping, farmers’ market, Cherry Hill Park, and Library
- Level with Park Avenue
- 109 spaces (an increase of 55 spaces)
- Medical Building designated parking on lower level
- Separate, but related, to Library project
- Estimated construction cost: $3.4M

Proposed Project
Summary

- Provides critical renovations to existing building
- Adds needed new space
- Preserves exterior design theme
- Improves interior space use
- Capitalizes on the synergy of the “civic campus” (Cherry Hill Park, City Hall, Community Center) and remains walkable for many
- Library remains open during the construction
- Affordable cost
